SECTION: 2-1

The hiring of all employees is contingent upon satisfactory completion of a Medical Health Questionnaire Form. The Medical Health Questionnaire form will be completed as part of the post-offer/pre-employment process. This form will be reviewed by one of the Agency's nurses. If necessary, the employee may be required to complete a physical examination. The physical exam may be conducted at no cost to the employee at an organization/clinic with which the Agency contracts.

Employees, at their option and expense, may elect to have their personal physicians conduct the exams. Physicals completed by outside physicians must be recorded on the standard Agency form and include a determination by the physician that the employee is capable of performing the essential job functions based on the physical requirements established for that position.

When transferring to a new position within the Agency, the employee will be assessed based on the physical requirements for the new position. This may require a physical examination.

Because of the nature of the Agency business, some employees may be required to have a physical examination at the time of hire and regular, subsequent physical examinations if required by the licensing Agencies. The extent of the examination will be in accordance with the requirements of the licensing Agency.

In addition to the physical exam requirements, STS driving personnel are subject to pre-employment and ongoing Drug and Alcohol testing according to the standards set by Department of Transportation. Refer to the STS Drug and Alcohol Policy for complete details.

When required by program licensing agencies, employees will either be required to show results of a TB screening prior to the start of employment or have the TB screening as part of the new hire process. Subsequent TB screenings will be conducted in accordance with program licensing requirements. The TB screening will be conducted by the Agency, or an outside organization/clinic contracted by the Agency at no cost to the employee.

For the benefit and protection of its staff, the Agency will offer the Hepatitis B vaccination series to Program Staff at no cost to the employee (refer to the Agency Safety Manual for further details).

Easter Seals recognizes the fact that inclement weather and other emergencies can affect our ability to open and/or stay open for business and staff's ability to get to work. Although the safety of our staff is paramount in any emergency, it is important to understand that some of our services will need to continue operations, and therefore staff will be expected to report to work. No policy can cover every potential emergency situation, so this policy covers the most common. Fortunately, emergencies and inclement weather days are infrequent, but these are the guidelines for when they occur.

24/7 Programs (Residential, Substance Abuse, etc.):

Essential staff (direct support staff, supervisory staff, clinical staff, etc.) is needed to ensure the safety and well-being of individuals being served. Therefore, every effort must be made to report to work during inclement weather events. Staffs that are already at work when inclement weather arrives must be prepared to stay on shift until they are relieved by incoming staff. Staff should be prepared (change of clothes, toiletries) to stay at work for extended periods of time when necessary.

Program Closure Full Day:

Only under severe weather conditions, will program closings be considered. The decision to close a program will be coordinated through the Senior Vice President (s). The following are examples of when a program and/or services may be closed:

- Governor declares a state of emergency,
- Senior Vice President reviews road conditions and determines the roads are too hazardous to transport clients.

If the decision is made to close a program, all efforts will be made to notify employees properly. POLICY: **Introductory Period**
SECTION: **2-16**
PAGE: **ONE OF ONE**
ORIGIN DATE: **DECEMBER 1, 1998**
REVISED DATE: **JULY 13, 2010**
REVIEW DATE: **MARCH 31, 2014**
APPROVED BY: **BOARD OF DIRECTORS**

The first six months of employment with the Agency is generally considered to be an introductory period. This constitutes an introductory evaluation period for both the Agency and the new employee.

In this introductory period, the supervisor will evaluate work performance, professionalism, abilities and attendance and will inform the employee of progress or lack of progress in the area to which he/she is assigned.

A performance review will normally be conducted prior to the close of the introductory period by the employee's immediate supervisor. The employee will be evaluated in the areas of quality and quantity of work, job knowledge, professionalism, initiative, organizational and communication skills, judgment, internal and external relationships, safety compliance, attendance, punctuality and client relations.

Additionally, there will be times when, due to performance, it may be necessary to extend the introductory period beyond the original six months in order to more fully evaluate the appropriateness of the match between the job requirements and the employee's skill set. Upon completing the introductory performance review, a supervisor may, at his/her discretion, extend the initial introductory period for up to 90 days.

Employees who change positions within the Agency will be subject to an introductory period in their new positions. For employees who change positions, the same Agency protocols apply with respect to the introductory evaluations.

If the supervisor is unable to complete the review within the specified time frame, a Review Extension Request form will need to be completed. In such cases, performance evaluations which occur after the evaluation period, but cover the introductory time period, will satisfy this policy requirement. The supervisor will need to indicate the reason for the review needing to be late and the anticipated completion date. The form will need to be reviewed and approved by the program Vice President and then submitted to the Human Resources Department for final approval.

Please note: If an employee continues employment after the introductory period, the employment relationship remains "at will" which means that the employee or the Agency remain free to terminate the employer relationship at any time, with or without cause or reason and with or without notice. Nothing in this policy or handbook shall confirm greater rights upon employees with regard to conditions of, protections relating to or duration of employment with the Agency.

POLICY: Internal Transfer Procedure
SECTION: 2-17
PAGE: ONE OF ONE
ORIGIN DATE: DECEMBER 1, 1998
REVISED DATE:
REVIEW DATE: MARCH 31, 2014
APPROVED BY: BOARD OF DIRECTORS

The Agency recognizes that there are times when an employee may wish to explore and pursue alternative jobs within the organization. In such circumstances, the Agency supports and encourages staff position changes when those changes represent growth opportunity and/or realignment of the employee's skills to provide a better job match or a position suited to the employee's needs.

The Human Resources office maintains information on available positions throughout the Agency. Staff interested in exploring other positions in the Agency are encouraged to contact the Human Resources office.

In those situations where an employee initiates the discussion and the prospect of transferring to another department and/or position, every effort will be made to support the employee's confidentiality as he/she explores those opportunities. However, it is important that the employee realize that, as the discussions continue and a transfer seems likely, it will be necessary for the employee's current supervisor to be contacted for a reference prior to the final job offer.

In situations where the transfer may be initiated by a department supervisor, it is the Agency policy that discussion occurs with the appropriate department Vice President before any direct contact is made with the employee.

In all cases, it is expected that the final transfer negotiations will include an appropriate transition period allowing for coverage as needed for the current department.

The Agency defines its work week as seven consecutive 24-hour periods beginning 12:00 AM Sunday, and ending 11:59 PM the following Saturday. Each facility has an established work schedule which will generally allow the employees reasonable time to accomplish their duties. Responsibilities of professional personnel may require an additional time commitment. The employee's supervisor will define and explain the work schedule. The Agency expects the employee to comply with this schedule.

All personnel will record their hours of work into PeopleSoft HRMS Self Service (with the exception of STS staff) on a daily basis. All time is to be verified by supervisory staff according to the payroll processing deadlines. Lunchtime is generally not included in the accumulated hourly totals.

POLICY: Performance Review
SECTION: 2-19

ORIGIN DATE: DECEMBER 1, 1998
REVISED DATE:
REVIEW DATE: MARCH 31, 2014
APPROVED BY: BOARD OF DIRECTORS

In addition to the initial six-month review, each employee's performance should be reviewed at least annually. The performance review is an opportunity not only to discuss performance in light of job expectations, but also to discuss issues and opportunities for growth and development.

The employee's immediate supervisor will conduct the annual performance evaluation which will be reviewed and approved by the President or appropriate Vice President. During the performance review, the supervisor will evaluate the employee in the areas of quality and quantity of work, job knowledge, professionalism, initiative, organizational and communication skills, judgment, internal and external relationships, safety compliance, attendance, punctuality, and customer service.

If an individual should experience a change in his/her position status (promotion for example), the review date will be adjusted to reflect the change in status and a 6-month introductory review will be conducted and again annually thereafter.

If the supervisor is unable to complete the review within the specified time frame, a Review Extension Request form will need to be completed. The supervisor will need to indicate the reason for the review needing to be late and the anticipated completion date. The form will need to be reviewed and approved by the program Vice President and then submitted to the Human Resources Department for final approval.

POLICY: Salary Review
SECTION: 2-20
PAGE: ONE OF ONE
ORIGIN DATE: DECEMBER 1, 1998
REVISED DATE:
REVIEW DATE: MARCH 31, 2014
APPROVED BY: BOARD OF DIRECTORS

A salary program is maintained that takes into account our capacity to meet costs of services, rates paid by other agencies for work of comparable scope and difficulty and the desire to compensate employees at levels commensurate with their value to the Agency. In addition, we offer employee benefits that are in keeping with the best practice of our business community.

It is the policy of the Agency to compensate all employees on a fair, equitable basis and to recognize demonstrated performance and contribution to the successful operation of the Agency.

To that end, the Agency has adopted a position evaluation program. Under this program Agency positions are evaluated and grouped into levels with corresponding wage/salary ranges. Each range has a minimum and maximum wage/salary. The salary ranges may be adjusted from time to time in consideration of changes in the prevailing labor market and the Agency's fiscal position.

Among the components considered when evaluating Agency positions under this program are such factors as Knowledge, Experience, Responsibility/Accountability, Independent Action and Level of Supervision/Management Control.

Salaries are reviewed annually. During the annual performance review a salary adjustment may be made based on performance. With the exception of adjustments to correct inequities, merit increases will be effective on the anniversary date of employment, unless otherwise specified. All salary adjustments are based on individual performance, salary range or ranges that apply to the position and the financial resources of the Agency.

If an employee reaches the maximum point of his/her position range, there will be no further adjustments to the employee's base pay until there is an adjustment to the range itself.

Any supervisor that has reviews outstanding for his/her direct reports will not receive a pay increase until all reviews are submitted. Salary increases, if warranted, for supervisors who submit reviews late will not be retroactive.

SECTION: 2-22, 2-23
PAGE: ONE OF TWO
ORIGIN DATE: SEPTEMBER 1, 2005
REVISED DATE: FEBRUARY 03, 2014
REVIEW DATE: MARCH 31, 2014
APPROVED BY: BOARD OF DIRECTORS

This policy outlines the use of Easter Seals and personal cell phones and other PDA's at work and the safe use of these devices by employees. Courtesy and confidentiality protocols are expected to be followed when using cell phones. Phone ringing during meetings can be disruptive. Cell phones and PDA's should be switched to silent/vibrate during meetings.

1. Company-Provided Cellular Phones/PDA's

Where job or business needs demand immediate access to an employee, Easter Seals may issue a business cell phone or PDA to an employee for work-related communications. Staffs that are issued an agency cell phone should have no expectation of privacy. Easter Seals issues a cellphone number along with each company issued device and reserves the right to change the number or confiscate issued devices at any time, for any reason.

Employees in possession of company equipment such as cellular phones or PDA's are expected to protect the equipment from loss, theft or damage. Upon separation of employment, or at any time upon request, the employee may be asked to produce the equipment for return or inspection.

Each cell phone user has a specific calling plan, which has been set up based on anticipated usage for the type of position and job requirements. Easter Seals will pay the monthly charge for the plan that is established. Any charges beyond this are to be reimbursed to Easter Seals by the cell phone user that month. Exceptions may be authorized for charges over the plan with written request and supervisor approval.

Easter Seals reserves the right to change your plan. If circumstances change and you believe a different plan is warranted, you may make a written request to your supervisor explaining the reason that the business needs have changed. With the approval of the employees Vice President, the request will be submitted to the Purchasing/Payables Supervisor for final approval.

2. Personal Cellular Phones/PDA's

While at work, employees are expected to exercise the same discretion in using personal cellular phones and PDA's as is expected for the use of company phones. Excessive personal calls during the work day, regardless of the phone used, can interfere with productivity and be distracting to others. Employees are encouraged to make any personal calls on non-work time whenever possible.

Easter Seals will not be liable for the loss of personal cellular phones or PDA's brought into the workplace.

3. Use of Personal Cell Phones/Personal Devices for Business Purposes

Employees, whose job duties require the frequent need for a cell phone or portable device as determined by their program Vice President and choose to use their own personal wireless device, may receive a monthly voice/data plan reimbursement to cover the costs when used for agency-related business. Only in extenuating circumstances will further reimbursement for voice/data plan costs be available to employees who participate. All other employees may submit infrequent business-related cell phone expenses for individual reimbursement.

Determining Employee Eligibility: Employees with job duties that require the frequent need to use a cell phone/PDA for business purpose are eligible, typically including:

- Employees with 24/7 response requirements.
- Employees available for emergency contact (e.g., duties require them to be contacted anywhere/anytime).
- Employees on the road or in the field (typically out of the program location, or office on business) who are required to remain in touch with others.

Establishing the Payment of Reimbursement: This is done through the Travel and Expense Module in People Soft Financials. You will be trained how to enter this once your supervisor and VP of the program has determined if the request meets the criteria and intent of the policy. The front page of your cell phone bill will need to be included showing you have been charged for your device. The reimbursement does not constitute an increase to base pay, and will not be included in the calculation of any salary adjustments.

Payment to the Employee: Payment will be made once approved in the system and will follow the Travel and Expense reimbursement schedule in Accounts Payable.

Use of Device: The employee must retain an active device as long as a device reimbursement is in place. The device may be used for both business and personal purposes. Extra services or equipment may be added at the employee's expense.

Users must agree to comply with the Easter Seals information Technology Policies for personal devices connecting to the agency network. The specific requirements can be found at the following http://links.eastersealsnh.org/index.php?title=Main_Page

4. Safety Issues for Cellular Phone and PDA Use

All employees are expected to follow applicable state or federal laws or regulations regarding the use of cell phones or PDA's at all times.

The use of cellular phones while driving poses a safety risk of serious injury and/or possibly death. Therefore, employees whose job responsibilities include regular or occasional driving and who are issued a cell phone or PDA for business use are expected to use hands-free equipment while driving. Hands-free equipment will be provided with company issued phones and PDA's to facilitate the provisions of this policy.

The use of cell phones or PDA's while transporting individuals we serve is strictly prohibited. In emergency situations, employees who are transporting individuals are required to pull off to the side of the road and safely stop the vehicle before placing or accepting a call or use hands-free operations, refrain from discussion of complicated or emotional matters and keep their eyes on the road. Special care should be taken in situations where there is traffic, inclement weather or the employee is driving in unfamiliar areas.

Texting on cell phones while the vehicle is in service or idling in traffic is strictly prohibited. Employees who are charged with traffic violations resulting from the use of their phone or PDA's while driving will be solely responsible for all liabilities that result.

After careful consideration, Easter Seals has determined that the use of surveillance cameras is necessary to ensure the safety of employees, to provide added supervision, and to monitor the behavior of agency clientele.

1. Camera Locations

Easter Seals has installed video cameras in some of our Child Development Centers, Residential Facilities and entrances to buildings. Each of these locations was chosen because they are areas where employee expectations of privacy are minimal. All areas subject to video monitoring will be identified by signs that are clearly posted.

2. Use of Video or Audio Recording Devices

The use of camera phones, PDA's or other audio or video recording capable devices within agency programs, facilities, or events may constitute an invasion of employee's personal privacy. Therefore, the use of camera or other video-capable recording devices within Easter Seals is prohibited without the express prior permission of senior management and of the person(s) present at the time.

3. Use and Retention of Footage

In the event of a reported or observed incident, the recorded footage may be used to assist in the investigation of the incident and may be turned over to law enforcement personnel, if appropriate. Any staff member disciplined as a result of the video tape shall have the opportunity to view the tape which is the basis for the disciplinary action.

Only those portions of the recording relevant to the incident resulting in a complaint shall be reviewed. At no time will persons other than those in a management position with Easter Seals have access to the footage made in the course of surveillance. Personal information contained on the footage will not be used or disclosed for purposes other than those for which it was collected, except with the consent of the individual or as required by law.

Footage from the surveillance cameras will be kept for no more than 30 days, unless required for the purposes outlined in this policy. Footage from surveillance cameras located on Agency vehicles will be kept for no more than 10 days unless Easter Seals determines that the recording is relevant to a disciplinary proceeding or a court requires retention. However, if disciplinary action is taken as a result of conduct disclosed by the video tape, that video tape shall be retained until such a time as the disciplinary action is complete.

4. Ownership of Recordings

Easter Seals shall own any images and/or sounds downloaded from the recording devices and shall treat recordings in accordance with all applicable federal and state laws governing privacy.

Purpose

Easter Seals (Easter Seals NH, VT, NY, ME, RI, Coastal Fairfield County, Farnum Center and Webster Place), recognizes that the Internet provides unique opportunities to participate in interactive discussions and share information on particular topics using a wide variety of social media, such as Facebook, Twitter, blogs and wikis. - Use your personal email address to distinguish yourself from Easter Seals when social networking in a personal capacity and for non Easter Seals sponsored or endorsed business activities undertaken on Easter Seals behalf and or in Easter Seals name.
- Ask the Human Resources Department if you have any questions about what is appropriate to include in your blog or social networking profile. Remember that if you wouldn't want your manager or others at Easter Seals to see your comments, it is unwise to post them to the internet.
- While communication through social media networks is primarily a *personal* matter, this is not the same as it being *private*. In a lot of cases, written conversations inside these networks can be found through search engines such as Google. Even in cases where only your contacts can see what you write, it is a possible that one of them will forward what you say and make it visible to a wider audience. As a result, personal conversations within social media networks should be considered public rather than private.

No Expectation of Privacy

All contents of Easter Seals IT resources and communications systems are the property of the company. Therefore, employees should have no expectation of privacy whatsoever in any message, files, data, document, facsimile, telephone conversation, social media post, conversation or message, or any other kind of information or communications transmitted to, received or printed from, or stored or recorded on the company's electronic information and communications systems.

ORIGIN DATE: MARCH 31, 2014
REVISED DATE:
REVIEW DATE: MARCH 31, 2014
APPROVED BY: BOARD OF DIRECTORS

Easter Seals provides services to individuals who present a variety of challenging behavior. Employees should expect to work with individuals who can, at times, be verbally abusive, physically aggressive and sexually inappropriate.

In most cases this behavior will be addressed through the individual's treatment planning process. Employees should expect to be trained on the proper techniques for handling difficult behavior. Employees should immediately discuss, with their supervisor, any concerns or issues they have with an individual's behavior.

Criminal charges should not be filed against the individuals served by Easter Seals unless it is determined by the team to be a clinically appropriate intervention. Employees who choose to press charges against any individual without clinical and administrative approval may not be able to continue employment with Easter Seals.

SECTION: 3-1
PAGE: ONE OF ONE
ORIGIN DATE: DECEMBER 1, 1998
REVISED DATE: JULY 13, 2010
REVIEW DATE: MARCH 31, 2014
APPROVED BY: BOARD OF DIRECTORS

The most important elements in dealing with a crisis event or media issue are information and planning. All crises and potential “incidents” should be reported to a supervisor. The supervisor should communicate all pertinent information through the proper channels to the Program Vice President, and then to the Chief Development & Communications Officer and the President & CEO.

In the event of a crisis, and depending on its severity and duration, the Crisis Management Team shall be activated and charged with the overall strategy of how to handle the situation and implement the plan of action. The team shall consist of the President & CEO, Chief Human Resources Officer, Senior VP and VP of the program(s) involved, Chief Development & Communications Officer, Vice President of IT, and Advice of Legal Counsel shall be determined on a case by case basis. Please refer to the Crisis Management Plan for more details as to the responsibilities of the Crisis Management Team.

The Chief Development & Communications Officer is designated as the crisis communications lead person, directing and coordinating all aspects of Easter Seals’ response including managing the messages and the media.

If the situation is not serious, the Chief Development & Communications Officer, or their designee, will act as the spokesperson for Easter Seals NH, interacting with the media and other inquirers. Other spokespeople could include program Vice Presidents. When the event is significant in nature, the President & CEO will represent the organization.

Only the chief spokesperson and back-up spokespeople are authorized to release information to the media and the public. All other staff and members of the Board of Directors should be professional and helpful to the media by connecting them with the Senior Development Officer and/or the President & CEO. Messages taken from the media should include the reporter’s name, media outlet’s phone number, and the reporter’s deadline.

All comments to the media should be guided by professionalism and transparency, and serve to mitigate the crisis while reinforcing the leadership role of Easter Seals.

Personnel matters are to remain confidential, to the extent permitted by law.

When possible, responses should be proactive, responsive, and action-oriented.

Easter Seals recognizes the importance of media relations to the public trust. In times of crisis, maintaining effective media relationships will be particularly critical in bolstering public confidence in the non-profit sector as a whole.

Employee files are maintained by the Human Resources Department and are considered confidential. Managers and supervisors other than the Human Resources Department staff may only have access to the personnel file information on a need-to-know basis.

A manager or supervisor considering the hire of a former employee or transfer of a current employee may be granted access to the file, or limited parts of it in accordance with anti-discrimination laws.

Managers and/or supervisors who maintain employee records must ensure that such records are kept in a locked and secure file with no access by other staff. Any records maintained by managers/supervisors must also be submitted to the Human Resources Department for inclusion in the personnel file.

Files maintained by managers/supervisors must be submitted to the Chief Human Resources Officer upon request and at the time of staff transfer or separation of employment. Original documents, when possible, should be maintained in the Human Resources personnel file.

Personnel files are to be reviewed in the Human Resources Department, exceptions may be made when necessary and with the prior approval of the Chief Human Resources Officer or his/her designee.

Representatives of government, law enforcement agencies, or funding agencies, in the course of their duties may be allowed access to file information. This decision will be made at the discretion of the Chief Human Resources Officer and may require a valid subpoena or court order.

The opportunity to meet with a representative of the Human Resources Department for an Exit Interview is available to staff. The interview traditionally allows an opportunity to provide feedback and the collection of information to identify workplace factors that may have led to the staff's decision to leave the agency, identify any trends requiring any attention, or any opportunities for improving retention strategies.

Staff participation in the exit interview is on a voluntary basic and information received will be confidential, to the extent possible.

Staff will have the option of a face-to-face or telephone interview with a member of the Human Resources Department. If an exit interview is not scheduled or the staff member chooses not to participate in an exit interview, he/she will be encouraged to complete an electronic, anonymous exit survey.

Occasionally misunderstandings arise and there are times when it becomes necessary for workplace complaints, problems or disputes to be discussed. Employees are encouraged to air any grievances they may have regarding work relationships or conditions over which the Agency may have some control.

The following outlines the procedures recommended for addressing and resolving employee difficulties:

- A. An employee who has a work-related problem should, if appropriate, first discuss the problem with his/her supervisor.
- B. If the problem has not been resolved between the employee and the supervisor, the employee should prepare a summary of the problem in writing and bring the matter to the Vice President/Chief Human Resources Officer. The Chief Human Resources Officer will review the problem with the employee, determine a response, and identify the appropriate people who should be involved in the resolution of the matter. Any meeting with the employee and his/her department head may include the employee's supervisor as deemed necessary and appropriate.
- C. If the preceding attempts have not resulted in satisfactory resolution of the problem, the employee may prepare a written summary of the problem for the Agency President to review.

The Agency will attempt to promptly address and respond to all such matters within seven (7) days of receipt of the written notice.

Please Note: Employees with complaints that involve sexual harassment or other forms of illegal discrimination; workplace violence or a violation of the Agency's weapons policy, or safety issues should follow those complaint procedures and report such matters immediately.

Because the absence of one staff member normally will impose a burden on co-workers and hamper the services the Agency renders, absences and tardiness, if deemed necessary, must be kept to an absolute minimum. If an employee is ill, or if, for some other reason, a late arrival or absence is unavoidable, he/she must notify his/her supervisor directly as soon as possible prior to the beginning of the work shift. If the employee cannot call, he/she should have someone else relay the message. Employees should refer to their program specific policies for more details.

Any employee who is absent from work for two consecutive scheduled work days, without directly reporting to his/her supervisor the reason for the absence is considered to have resigned voluntarily.

Unauthorized absence during work hours without notifying your supervisor is considered a violation of personnel policies.

The Agency permits the employment of qualified relatives of employees as long as such employment does not, in the opinion of the Agency, create actual or perceived conflicts of interest. For purposes of this policy, a relative is a spouse, child, parent, sibling, grandparent, grandchild, in-law or step relation, or anyone living in the same household as the employee.

Individuals who are related by blood or marriage are permitted to work in the same Agency facility, provided no direct reporting or supervisory/management relationship exists. In the event of a marriage between two employees in a supervisor/employee relationship, it will be necessary for one employee to transfer to another department or terminate.

POLICY: Sexual or Other Illegal Harassment *
SECTION: 3-11, 3-12, 3-13
PAGE: ONE OF THREE
ORIGIN DATE: DECEMBER 1, 1998
REVISED DATE: JANUARY 23, 2013

APPROVED BY: BOARD OF DIRECTORS

It is the Agency's policy to maintain a working environment free from sexual harassment or harassment on the basis of race, color, religion, gender, sexual orientation, citizenship status, marital status, creed, national origin, age, or disability. To achieve this environment, appropriate methods, such as affirmatively addressing the subject, expressing strong disapproval, developing appropriate sanctions and informing employees of their right to raise the issue of harassment are utilized to alert employees to the problem.

Unwelcome sexual advances, requests for sexual favors, and verbal or physical conduct of a sexual nature constitute sexual harassment when:

1. Submission to such conduct is made either explicitly or implicitly, a term or condition of an individual's employment.
2. Submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual.
3. Such conduct has the purpose or effect of substantially interfering with an individual's work performance or creating an intimidating, hostile or offensive working environment.

This applies to sexual harassment from employees as well as, but not limited to, visitors, customers, volunteers, contractors, or vendors of the Agency. Sexual harassment or other illegal harassment is unacceptable in the workplace and in other work-related settings, such as business meetings, client sites and business-related social events.

The determination of what constitutes sexual or other prohibited harassment will depend upon the specific facts and the context. The key question will usually be whether the conduct was unwelcome and whether it has the purpose or effect of creating an intimidating, hostile or offensive work environment or unreasonably interfering with work performance. Depending on the severity of the behavior, a single incident could be grounds for discipline, up to and including discharge.

Inappropriate sexual behavior can include, but is not limited to:

- Conversations with sexual innuendo such as sexually suggestive comments or jokes or comments of a sexual nature, or derogatory comments about gender;

- Questions about an employee's private sexual life; requests for sexual favors; or graphic, degrading or condescending comments about an employee's appearance, dress or anatomy;
- Repeated social invitations when the invitee has previously indicated that he or she is not interested in accepting such invitations;
- Circulating material (by any method, electronically or otherwise) which ridicules a gender or which is sexually suggestive, or other forms of discriminatory ridicule is directed at specific individuals;
- Undesired, intentional physical contact (e.g., touching, pinching), or any threats or suggestions of undesired contact;
- Display of sexually suggestive calendars, objects, cartoons, computer applications, photographs or any other similar display.

Sexual or other illegal harassment, in any form, will not be tolerated. If any employee, male or female, believes that he or she is being sexually harassed or harassed on any other prohibited basis, or otherwise subjected to inappropriate sexual behavior, he or she is encouraged to ask the offender to stop engaging in the objectionable behavior. If such requests are ineffective or impractical, he or she should report any incident(s) to their Supervisor and/or the Chief Human Resources Officer, Tina M. Sharby at (603) 621-3417, or 555 Auburn Street, Manchester NH 03103 or by e-mail at tsharby@eastersealsnh.org. Anyone who has concerns about sexual or other prohibited harassment or has witnessed or heard of objectionable conduct is also strongly encouraged to report or discuss the concerns with the persons identified above. We strongly encourage employees to report objectionable or offensive behavior promptly. A prompt report facilitates effective resolution with minimum disruption to the workplace and the lives of the individuals involved. Complaints will be investigated promptly.

If from the investigation, it is found that the complaint is valid, immediate, appropriate disciplinary action will be taken. Discipline may range from a written warning placed in the offending employee's personnel file to immediate termination.

Harassment and retaliation for filing a complaint or cooperating in an investigation violates this policy and is unlawful even if sufficient evidence to substantiate the complaint is not found. Similarly, no reprisals will be taken against any individual for participating in good faith in any investigation of harassment complaint. Any reprisals or concerns about reprisals should be reported to the individuals identified above.

The Agency is committed to providing a safe and healthy work environment for its employees and clients. To achieve and maintain a workplace free of drugs and alcohol, and the harmful influences and effects resulting from drugs and alcohol, the Agency prohibits the possession, consumption, distribution, manufacturing, dispensing or selling alcohol or controlled substances, in all Agency work places or facilities. No Agency employee shall report to work or remain at work while under the influence of drugs (including prescription drugs if the employee is thereby physically or mentally impaired) or alcohol. For the purposes of this policy, drugs are defined as any drug which is not legally obtainable and/or any drug which is legally obtainable, such as a prescription drug, but which is not legally obtained, is not being used for prescribed purposes, and/or is not being taken according to prescribed dosages. Violation of these prohibitions may result in discipline up to and including discharge.

As a condition of employment, all employees directly engaged in performing work under federal contracts must agree to comply with this policy and must agree to notify, in writing, the Chief Human Resources Officer no later than 5 days after any conviction for a workplace violation of a criminal drug statute. For the purposes of this notice requirement, a conviction includes a guilty finding, a no contest plea, and/or an imposition of sentence by any judicial or quasi-judicial body for any violation of a criminal statute involving the unlawful manufacture, distribution, dispensation, possession or use of drugs. The Agency will report such convictions to the federal government within 10 days. Any employee who is convicted of such a crime is also subject to discipline up to and including discharge.

If deemed appropriate by the Agency, employees who violate this policy or are convicted of drug and/or alcohol related crimes may be asked, as a condition of reinstatement to employment, to complete a drug screening test at the Agency's expense and/or a rehabilitation or counseling program at the employee's own expense.

The Agency's employee assistance program (EAP) is also available to assist employees in these situations.

We rely on staff to project a positive image for our Agency. This can be accomplished partially through the wearing of attire appropriate to the job duties and responsibilities currently being performed. A detailed dress code is difficult to keep current, to enforce and is unnecessary if management and staff cooperate in maintaining the Agency's professional appearance.

To that end, staff must be aware of how they dress and should dress appropriately for what they are doing on a particular day. Staff who will be attending meetings or meeting with a customer should dress in business attire. Appropriate dress is casual or business casual depending on your responsibilities. Some positions may require a more formal standard of dress, please check with your program supervisor. In addition, Easter Seals wants to provide a workplace that is free from offensive behavior, harassment of any kind and free from safety hazards. Therefore, the following is a list that outlines examples of unacceptable clothing:

- Shorts that are more than five (5) inches above the kneecap,
- Spandex or other form fitting clothes,
- Bare Feet
- Sexually provocative clothing (clothing that may be considered to be too revealing, too tight, exposes the chest or stomach, observable lack of undergarments or exposed undergarments),
- Clothing with profanity, nude or semi-nude pictures, sexually suggestive slogans, cartoons, etc.,
- Clothing which is noticeably worn or tattered,
- Clothing that depicts political or social issues, alcohol, drugs, logos or cartoons that may be considered offensive,
- Slippers.

Managers are expected to discuss staff job assignments and appropriate dress with their employees. If there is any doubt regarding the appropriateness of particular attire, it should be discussed with the immediate supervisor/department head. Anyone whose attire is not appropriate may be asked to change and any loss of time incurred as a result may be at the expense of the employee.

To ensure the safety of our clients and staff, the Agency does not allow weapons on its premises. The definition of “Weapons”, for the purposes of this policy, is any instrument or device designed, or customarily used, to inflict harm (physical pain or injury) on a person. Weapons, include, but are not limited to firearms (erg. Pistol, rifle or shotgun regardless of the caliber of ammunition), explosives, knives, swords, axes, machetes, bat, clubs, sling shots, bow, or stun guns.

Our Agency staff may refuse to treat clients who have weapons in their possession. If a client arrives at an Agency site for services with a weapon, he/she may be asked to leave the facility. In the event the client refuses to leave the Agency facility, Agency staff should immediately contact the local police to escort him/her from the premises and otherwise deal with the matter. Staff should not attempt to disarm the person and should at all times seek to preserve peace and protect the safety of staff and clients.

Reports to local police would be followed (the same day in most cases) with a report (initially a telephone call, but later in writing) to the Chief Human Resources Officer with a complete description of events, actions and consequences.

***Maine Locations:**

Maine MRS Title 26, Chapter 7, Section 600 allows employees who has a valid permit to carry a concealed firearm under Title 25, chapter 252 from keeping a firearm in the employee's vehicle as long as the vehicle is locked and the firearm is not visible. The Agency observes the following holidays:

New Year's Day	Thanksgiving Day
Memorial Day	Friday following Thanksgiving
Christmas Day	Fourth of July
Labor Day	Martin Luther King Day

A holiday falling on a Saturday will be observed on the preceding Friday and a holiday falling on a Sunday will be observed on the following Monday. A holiday falling within the vacation period of an employee or during paid medical leave is not counted as part of the vacation or medical leave period.

Due to the nature of the Agency services, some staff may be required to work on a holiday. In this event another day may be taken as holiday. At the discretion of the supervisor, an extra day's pay may be given if a day off cannot be scheduled.

In light of the nature of our Residential Services, some holidays will be recognized on the actual date of the holiday. The Human Resources office maintains and publishes the *annual holiday list* which specifies the holidays to be recognized Agency-wide and those specific to Residential Services.

Full and part-time employees will be compensated for holidays if a holiday falls on his/her regularly scheduled work day. The employee will be compensated for the number of hours he/she was scheduled to work that day. However, because the Agency attempts to accommodate flexible work schedules when possible, not all staff will be compensated for all holidays as listed above.

The employee must work his/her normally scheduled work day prior to and after the holiday in order to be eligible for holiday pay, unless prior approval has been obtained from his/her supervisor.

* Special Transit Services implementation of this policy may differ from the policy as stated. School year staff will be paid at the rate of 50% of their scheduled hours for that day.

APPROVED BY: BOARD OF DIRECTORS

The Agency provides an opportunity for all eligible employees to take time away from their work responsibilities and respond to personal or family needs by taking time off. Paid Time Off (PTO) is the agency's way of providing this time off. PTO can be used for vacation, sick, personal, and bereavement.

Regular full and part-time employees working 20 or more hours per week will accrue paid time off after the completion of a three-month waiting period. Time begins to accrue immediately, but cannot be used until a three-month waiting period has been satisfied. PTO is based on the employee's date of hire, and is prorated based on the number of hours scheduled to work.

Example: Full Year Non-Exempt Staff, 1st year of employment working 30 hours = 9 PTO days
9 PTO Days x 6 PTO hours = 54 Total PTO Hours / 26 pay periods = 2.08 PTO Accrual per pay period

Time will be accrued as follows for non-exempt staff:

- ◆ In the first year of employment paid time off will accrue on a bi-weekly basis up to a maximum nine (9) days.
- ◆ In the second through tenth year of employment, paid time off will accrue on a bi-weekly basis up to a maximum of twenty (20) days.
- ◆ After the completion of ten years of service, paid time off will accrue on a bi-weekly basis up to a maximum of twenty-five (25) days.

Time will be accrued as follows for exempt staff:

- ◆ In the first year of employment paid time off will accrue on a bi-weekly basis up to a maximum of twelve (12) days.
- ◆ In the second year of employment and beyond, paid time off will accrue on a bi-weekly basis up to a maximum of twenty-five (25) days.

Time will be accrued as follows for school year staff:

- ◆ In the first year of employment paid time off will accrue on a bi-weekly basis up to a maximum of six (6) days.
- ◆ In the second year of employment and beyond, paid time off will accrue on a bi-weekly basis up to a maximum of ten (10) days.
- ◆ School year staff are eligible to use PTO during the school year and if working the summer program. Prior to the start of the new school year any balances remaining will be transferred to the extended illness bank.
- ◆ School year staff paid time off is to be used for sick, personal or bereavement only. Vacations are to be scheduled within the school year calendar.

Maximum Paid Time Off Accumulation: Employees may accumulate five days more than their annual accrual. Once this maximum is reached, additional paid time off will not be accumulated. Exceptions will need to be approved by the President. School year employees accrue time for the current school year only and cannot be carried forward.

Unused Paid Time Off:

- ◆ Employees terminated during the first six months of employment are not eligible to be compensated for unused paid time off (accruals during the first six months are not considered vacation).
- ◆ Non-exempt employees are eligible to be paid for accrued but unused time upon separation as follows, (percentages considered equivalent to vacation accrual):
 - ◆ Less than one year of service not to exceed 30% of the balance.
 - ◆ Service of more than one year, but less than ten (10) years not to exceed 38% of the balance.
 - ◆ Service of more than 10 years not to exceed 44% of the balance.

Unused Paid Time Off:

- ◆ Exempt employees are eligible to be paid for accrued but not used time upon separation as follows, (percentages considered equivalent to vacation accrual):
 - ◆ Less than one year of service not to exceed 32% of the balance.
 - ◆ More than one year of service not to exceed 44% of the balance.
- ◆ Employees who are terminated for gross misconduct, or who resign without a proper notice will not receive payment for unused time.
- ◆ Employees who become ineligible for paid time off will be eligible to receive their prorated percentage, (considered equivalent to vacation accrual) of PTO at the time of the status change.
- ◆ School year employees are not eligible for paid time off upon termination.

Extended Illness Bank

Each calendar year the employee may transfer PTO to the extended illness bank. A maximum of five days of PTO time accrued but not used may be transferred to the extended illness bank.

In addition, in January of each year, Easter Seals will contribute to the extended illness bank as follows:

First year of employment:	Three (3) days
Second through fifth year of employment:	Four (4) days
Five or more years:	Five (5) days

The extended illness bank can accumulate time to at a maximum of sixty (60) days. Employees must use seven calendar days of paid time off (for each illness / injury, etc) prior to accessing the extended illness bank. If the employee has less than seven days available, all time must be used. Use of extended illness requires physician certification and may be used in conjunction with the Family and Medical Leave Policy.

Extended Illness Bank is not payable upon separation.

General Information:

Employees are responsible for managing their time. Scheduled time off must be approved in advance by the program supervisor or in accordance with established program policies. Unplanned illness should be reported as soon as possible. Every employee is expected to follow program procedures for calling out sick.

All paid time off must be used prior to a leave without pay can be approved. Paid time off cannot be used to extend service or in lieu of a notice of resignation. The last day worked is considered to be the last day of employment. Scheduled and unscheduled paid time off will not be considered as hours worked for the purposes of calculating overtime.

Excessive unscheduled PTO use may result in disciplinary action. Supervisors may require employees to produce a physician's statement at their discretion.

Staff who changes status from full-time to part-time, relief to regular, or full-year to school-year will have adjustments made to their paid time off balances as appropriate. Staff who becomes ineligible for paid time off will be paid out a percentage of their accrued but not used balance.

Easter Seals realizes that circumstances may arise which require an employee to be absent from work. This policy is intended to provide a leave of absence for exceptional circumstances. The personal leave of absence for any employee is subject to the following conditions:

4. In exceptional circumstances extended periods of leave without pay may be granted, at the sole discretion of the Agency.
5. Request for personal leave of absence must be in writing and sent to Human Resources. The leave request must state reasons and specific dates for the leave and must be approved IN ADVANCE by the program Vice President and Chief Human Resources Officer.
6. At the discretion of the Agency, all insurance benefits which are provided at the time the personal leave of absence takes effect may be continued, at the employee's current contribution rate for the entire period of the personal leave of absence without pay. Extensions of such benefits, in most cases, will be at the expense of the employee.
7. An employee on personal leave of absence cannot accrue paid time off between the time the approved leave begins and the time the employee returns to work or terminates employment with the Agency.

Amount of leave available

An eligible employee may take up to a total of 12 weeks of leave in a 12-month period. The amount of leave available is determined by looking at the amount used during the 12 months preceding the date leave would begin; the total amount of leave available in this 12-month period may not exceed 12 weeks. Leave for birth or adoption must be taken in consecutive weeks within 12 months after the child's birth or placement of the child by adoption or foster care.

Eligible employee may take one 26-week leave period in a single 12-month period to care for a service member. The right to take this leave does not renew once a new 12-month period begins and all this leave must be taken in a single 12-month period, although it may be taken intermittently or on a reduced schedule. Note that an eligible employee is entitled to a combined 26 weeks.

Different rules for the amount of time available for all types of leaves apply when both spouses work for Easter Seals.

Easter Seals has the right to designate as Family or Medical Leave all time missed by an employee which would qualify under this policy.

Notification by employee

1. Foreseeable Events. The employee must notify Human Resources at least 30 days in advance of foreseeable leaves, such as leaves for planned medical treatment or for the employee's child's birth.
2. Unforeseeable Events. For unforeseen events, such as accidental injury causing a serious health condition, premature birth or a sudden change in the employee's health, he/she must notify Human Resources of his/her need for leave as soon as it possible and practical to do so. In most cases, the employee should notify Human Resources of an unforeseen leave within one day of when he/she finds out when leave is needed

Failure to Give Notice: Failure to give notice as required here may result in delay or denial of a leave. In the case of foreseeable leaves, the Company may delay the leave for up to 30 days from the date the employee notified it of the need to take the leave.

Notification by the company

The agency will notify an employee when it designates absences as Family or Medical leave. In appropriate cases, the Company will designate leave as Family or Medical Leave even if not requested by the employee.

Certification of need for Family or Medical leave

The employee must submit a Certification of Health Care Provider no later than 15 days following his/her request. The Certification of Health Care Provider must be completed and signed by a qualified health care provider. (Form will be provided to you by Human Resources). The Company retains the right to have the employee examined by another health care provider (and possibly a third one, if the first two medical opinions are inconsistent) at its expense. The Company reserves the right to request periodic additional medical certification during the term of a leave of absence.

1. for a member of the Armed Forces, including the National Guard or Reserves -- an injury or illness that was incurred by the member in the line of duty on active duty in the Armed Forces or existed before the beginning of the member's active duty and was aggravated by service in the line of duty on active duty in the Armed Forces and that may render the member medically unfit to perform the duties of the member's office, grade, rank, or rating; and
2. for a veteran of the Armed Forces, including the National Guard or Reserves, at any time during a period when the person was a covered service member -- a qualifying injury or illness incurred by a covered service member in the line of duty on active duty that may render the service member medically unfit to perform the duties of his or her office, grade, rank or rating.

Outpatient status means the status of a member of the Armed Forces assigned to either a military medical treatment facility as an outpatient or a unit established for the purpose of providing command and control of members of the Armed Forces receiving medical care as outpatients.

Intermittent or reduced schedule

Leave may be taken on an intermittent or reduced schedule when medically necessary or with approval from the Agency when the leave is due to the birth, adoption, or placement of a foster child. In appropriate cases and considering the Agency's business needs, the Agency may temporarily transfer the employee to another position with no loss in benefits or decrease in rate of pay to better accommodate the intermittent or reduced schedule leave.

The employee must submit a Certification of Health Care Provider to support his/her need for an intermittent or reduced schedule leave when medically necessary. Furthermore, the employee must inform the Company of the anticipated treatment schedule and the reasons for the proposed schedule.

For all leaves involving planned medical treatments, including intermittent and reduced schedule leaves, the employee is obligated to plan for treatments so that they will cause the least disruption to the Company.

The Company retains the right to deny an intermittent or reduced schedule leave for the birth or adoption of a child.

Pay and benefits

Employees must use available accrued paid time off and extended illness bank to apply toward the approved leave of absence. As with any leave of absence, the employee will not continue to accrue time-off benefits during the leave period. However, the accrual of time-off benefits will resume upon the employee's return to his/her position and meeting the eligibility requirements.

The employee will continue to be covered by the agency's group health insurance plan during the family or medical leave, if he/she pays his/her portion of the premium for coverage during family or medical leave. Coverage of all insurance may stop if the Company learns the employee does not intend to return to employment or does not return to employment or does not pay his/her portion of the premium. In some cases, the Company may request the employee to reimburse it for any premiums it has paid on his/her behalf during the leave, unless the reason he/she did not return was because of a continued serious health condition or for other reasons beyond his/her control.

The Agency supports its employees' rights and obligations to fulfill their civic obligations. As such, the Agency grants time off to employees for the time required to perform jury duty or when employees have been subpoenaed to appear as a witness in court or in a judicial proceeding (e.g. deposition or hearing).

Employees are expected to report for work before and after jury duty or appearance as a subpoenaed witness, when practicable. For each day the employee is on jury duty or required to appear as a witness, the Agency will pay the employee his/her regular earnings (as if the employee worked a full day for the Agency), less the amount the employee is paid for jury duty by the Court, up to a maximum of ten (10) working days, as applicable. Thereafter, the employee may still attend to jury duty obligations but his/her compensation during that period, if any, will only come from the Court or their paid time off balance. Employee benefits will be maintained at the same level and in accord with Agency policies during this short-term leave. Arrangements with regard to the maintenance of such benefits in the event of a long-term leave (due to extended jury obligations) should be made with the Agency's Vice President/Chief Human Resources Officer.

Employees must return to work on days when they are excused from jury duty or from Court.

Employees who are members of the reserves or National Guard and who must perform annual duty or training and employees who enlist or are called up in the U.S. uniformed services for an extended period of time will be granted a military leave of absence. They are eligible for re-employment under the Uniformed Services Employment and Reemployment Rights Act (USERRA). Re-employment will be in accordance with USERRA and the time for requesting reinstatement depends on the length of time the employee was out.

The Agency will pay the employee the difference between the employee's regular compensation less any amount paid by the Government for such duty; Proof of Government pay will be required from the payroll department, to support the military duty leave. If Government pay stubs are not presented, the employee must use paid time off during such leave.

When an employee's military duty extends beyond the two weeks customary with annual reserve duty, the employee may elect to use previously accrued paid time off to prevent or reduce any loss of pay or benefits. Benefits will cease to accrue during military leave longer than two weeks. Once accrued paid time off is depleted, the employee will be considered to be on an approved unpaid leave of absence.

Employees will be granted military leave consistent with USERRA and state law, if applicable. The employee is expected to notify his/her supervisor as soon as he/she is aware of the dates required for service in the military.

Employees who need to take time off for personal illness or for the birth of a child, and who do not qualify for the FMLA leave may use a Medical Leave of Absence. This leave is an unpaid leave; however, employees are required to exhaust any applicable accrued paid leave prior to taking an unpaid leave.

Whenever possible, the employee must request leave at least 30 days prior to the anticipated beginning of the leave, and must make a reasonable effort to schedule the leave so as not to unduly disrupt Agency business. Requests for leave should be submitted to the employee's supervisor and the Human Resources Department.

The Agency requires an employee to furnish a medical certification supporting the need for a leave no later than the first day of the leave. Moreover, the Agency may require additional/periodic reports during the leave regarding the employee's status and intent to return to work. If an employee fails to obtain the required medical certification or if the physician's statement does not support the need for the leave, and the employee refuses to work, the Agency may terminate employment.

As with any leave of absence, the employee will not accrue time-off benefits during the leave period. However, the accrual of time-off benefits will resume upon the employee's return to his/her position and meeting the eligibility requirements.

All insurance benefits, provided at the time the medical leave of absence takes effect, may be continued for the entire period of the leave and is subject to the employee continuing to pay for their portion of the insurance.

The Agency will return the employee to his/her job or comparable job, unless business requirements make it impossible, impractical or unreasonable. The employee must provide a doctor's statement when he/she is ready to return to work.

Pregnancy and pregnancy-related medical conditions will be treated the same as any medical condition. A pregnant employee should let her supervisor know her due date and anticipated return to work date. The employee will also provide a doctor's statement outlining any work limitations her condition may require, if any. The employee will receive six weeks (maximum 8 weeks for cesarean delivery) unpaid leave during her time off for maternity. If she needs more time off, she must provide a statement from her doctor.
